Alaska Dental Hygienists’ Association Continuing Education
Saturday October 13, 2018
Dr. Katherine and Dr. Kevin Gottlieb Building
Conference Rooms A,B,C
4441 Diplomacy Drive, Anchorage, AK 99508

Presenters: Dr J. Mel Hawkins, DDS, BScD(AN),FADSA,DADBA
Dr Alan W. Budenz, MS, DDS, MBA

Course: “LOCAL ANESTHESIA: HUMAN CADAVER DISSECTION WORKSHOP”: Cadaver Technique Applications: Infratemporal Fossa, Pterygomandibular Triangle

All Day Course 6 CEUs

8:30am Registration
9:30am - 12:30pm Morning Session
12:30pm -1:30pm Lunch (included in registration fees)
1:30pm - 4:30pm Afternoon Session

REGISTRATION FORM (Please Print)

ADHA/ADS MEMBER #___________________________(PLEASE ATTACH COPY OF CARD)

AK DHA/ADHA/ADS Members (course attendee must be member):
*Hygienist must have current local anesthetic license
[ ] …..REGISTRATION PRIOR TO SEPTEMBER 22, 2018………………………………………………$550.00
[ ] …..REGISTRATION AFTER SEPTEMBER 22, 2018………………………………………………$600.00

AK DHA/ADHA/ADS Non-Member
*Hygienist must have current local anesthetic license
[ ] …..REGISTRATION PRIOR TO SEPTEMBER 22, 2018………………………………………………$650.00
[ ] …..REGISTRATION AFTER SEPTEMBER 22, 2018………………………………………………$700.00

ONLY 45 SEATS AVAILABLE FOR THIS COURSE, REGISTER EARLY

Payment accepted with PayPal or check. Make checks payable to Alaska DHA

To pay online with credit card log in to www.paypal.com, select "Send & Request" tab. Choose "Pay for Goods or Services," and enter rdlalaska@gmail.com for the recipient. In "note" section, enter the first and last name of the CE attendee, then mail or email this completed form to ak2thclnr@yahoo.com not to rdlalaska@gmail.com.

Mail your registration to:
Alaska DHA, c/o Michele Summers, 645 “G” Street #100-913, Anchorage, AK 99501
Questions? Contact: Michele 854-4400 or ak2thclnr@yahoo.com

** Alaska DHA is not responsible for lost or misplaced CEU AK BoDE approved course vouchers. A $50 fee will be charged for the reissue of a certificate, this is only available for up to 2 years after course date, upon verification of attendance **
"LOCAL ANESTHESIA: HUMAN CADAVER DISSECTION WORKSHOP": Cadaver Technique Applications: Infratemporal Fossa, Pterygomandibular Triangle

Course Synopsis / Description:

A human cadaver dissection, demonstration and performance of local anesthesia (L.A.) block techniques workshop in a carefully supervised and respectfully observed anatomy laboratory is offered.

Attendance is limited and gives hygienists and dentists the opportunity to learn detailed anatomy of the pterygomandibular triangle and pterygomaxillary fissure.

The dissections will target increased understanding and higher success rates of local anesthesia practices. Applications of L.A. technique on cadavers include:

- The Akinosi closed mouth mandibular block,
- The Gow-Gates high ramus mandibular block, and
- The V2 palatine approach Maxillary Block.

Various other techniques, by request, will also be discussed, demonstrated, dissected and practiced with a team approach of the faculty and the participants working together. A lecture segment will precede each topic.

Skulls, local anesthesia armamentarium, cadaver heads, dissection instruments and two instruction reference handouts will be provided. Participants may dissect, observe or do a combination of both. Landmark participation on each other will conclude the session.

Learning Objectives:
After this presentation the attendees will be able to:

- Explore by dissection where and how to do block anesthesia in the maxilla and the mandible
- Learn by structure identification the “ins and outs” of L.A. needle placement
- Have the opportunity to practice and perform injections on cadavers
- See structures that the dentist cannot actually “see” clinically
- Answer the question: “Where am I going wrong anatomically?”

Audience: RDH’s with local anesthetic license, DDS, DMD

FACULTY:

Mel Hawkins DDS, Dentist / Dentist Anesthesiologist
Founding Director, IV Sedation CDE Certification Programs
University of Alberta, Faculty of Medicine/Dentistry
University of Toronto, Faculty of Dentistry and Toronto Implant Institute
Private Practice, Sedation and Restorative Dentistry 30+ Years
Toronto, ON Canada

Alan W. Budenz, MS, DDS, MBA
Professor, Department of Biomedical Sciences & Vice Chair, Department of Diagnostic Sciences
University of the Pacific, Arthur A. Dugoni School of Dentistry
San Francisco, CA USA

AUXILLARY FACULTY:
Ms. Royann Royer RDH, MPH
Ms. Kathy Bassett RDH, MEd
Mel Hawkins, DDS, BSc AN, FADSA, DADBA

Although Dr. Hawkins is board certified as a Diplomate of the American Dental Board of Anesthesiologists and is a Fellow of the American Dental Society of Anesthesiology, Mel is most proud of having over 30 years of private practice experience in Toronto, Canada. Current and previous presentations include multiple: Chicago Midwinter Meetings, Greater New York Dental Meetings, Thomas P. Hinman Dental Meeting, Texas Dental Association Meetings, Boston Yankee Dental Congress Meetings, California Dental Association Meetings and American Dental Association Meetings spanning 21 years.

Mel has been lecturing throughout the United States, Canada, Mexico, Europe and Asia for over 40 years.

Alan W. Budenz, M.S., D.D.S., M.B.A.

Dr. Budenz is professor in the Department of Biomedical Sciences and is Vice Chair of the Department of Diagnostic Sciences at the University of the Pacific, Arthur A. Dugoni School of Dentistry in San Francisco, California. He received his graduate degree in Anatomy from the University of California, Los Angeles, and his dental degree from the University of California, San Francisco. He has more than 35 years of general practice experience in San Francisco, has served as clinical group practice administrator and chair of the Department of Diagnostic and Emergency Services and as a general dentistry clinical instructor at Pacific, as well as having taught anatomy courses at Pacific since 1984. He has lectured internationally on local anesthesia, oral medicine, cariology, and the anatomical basis of dentistry topics, and for twelve consecutive years, from 2005 – present, has been recognized as an Annual Leader in Continuing Dental Education by "Dentistry Today".
